

# Creative Services Manager Cover Letter

27222 Leannon ForgeLauretteberg, TN 03537-6217

**Dear Reese Kilback,**

In response to your job posting for creative services manager, I am including this letter and my resume for your review.

In my previous role, I was responsible for design and process insights, best practices and creative inspiration to our Creative Services team to further the development of our design capability and help take our work and processes to the next level.

My experience is an excellent fit for the list of requirements in this job:

- Natural curiosity of how things work
- Strong operational sense
- Able to identify critical paths and manage tasks against critical paths
- Experience of managing outsourced vendors against established SLAs
- Provide ongoing training to existing and new vendors
- Be a problem-solver with a proven track record in leading major creative and brand initiatives
- Provide strategic, creative direction to support overall business plans and goals
- Have expert working knowledge of brand development and creative processes

**Thank you for your time and consideration.**

Sincerely,

Hayden Littel
