

Cybersecurity Manager Cover Letter

6017 Han ShoreNew Fernando, NH 28088

Dear Drew Satterfield,

I would like to submit my application for the cybersecurity manager opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for expertise across some of the following domains - Security Strategy & Program Services; Data Security & Privacy Management; Vulnerability & Penetration Testing; Incident Response & Forensics; Identity & Access Management; Cyber Risk & Mitigation.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Proficiency to Expertise in project related Scheduling and Cost Controls
- Proficiency to Expertise in Project Leadership and Oversight
- Proficiency to Expertise in Strong Collaboration
- Be able to obtain a DoD 8570.01M IAM Level I certification or higher
- Strong analytical and problem solving skills, time management and organizational skills
- Professional demeanor with superior oral and written communication skills
- Knowledge of healthcare topics in the provider and/or payer space that drive security discussion such as HIPAA, HITRUST, EMR platforms, and Claims
- Experience with managing crisis situations, including gaining commitment from and coordinating the response activities of cross-functional response teams

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Denver Swaniawski
