

# Cybersecurity Manager Cover Letter

63924 Schaefer GreenNorth Richchester, WA 59228

**Dear Cameron Feest,**

In response to your job posting for cybersecurity manager, I am including this letter and my resume for your review.

Previously, I was responsible for technical expertise and leadership to partners, IT management and other infrastructure staff in risk assessments, implementation and operational aspects of information security procedures and products.

Please consider my experience and qualifications for this position:

- SAP ERP and SAP GRC (Process Control) experience preferred
- Recent experience working with cybersecurity control compliance is preferred
- Certified in the Governance of Enterprise IT (CGEIT), Certified in Risk and Information Systems Control (CRISC), Certified Information Systems Auditor (CISA), Certified Information Systems Manager (CISM), Certified Information Systems Security Professional (CISSP), CompTIA Security+, Global Industrial Cyber Security Professional (GISCP), GIAC Security Essentials (GSEC), or other applicable certifications preferred
- Refining and marketing experience preferred
- CISSP, CISA, CISM, or GIAC valid certification
- Experience with NASA CDM and RISCs
- Knowledge of NASA Cyber policy and implementing solutions to ensure agency compliance, including FISMA and NIST 800-53
- Knowledge of current CDM efforts supporting NASA missions

**Thank you for considering me to become a member of your team.**

Sincerely,

Landry Schmeler
