

# Cybersecurity Manager Cover Letter

303 Thompson JunctionCronaport, AL 98295-7296

**Dear Finley Barton,**

I submit this application to express my sincere interest in the cybersecurity manager position.

Previously, I was responsible for the leadership, analysis skills, and innovative thinking necessary to enhance and carry out the Company's Enterprise-wide Risk Management (ERM) Cybersecurity Policy and Risk Framework.

Please consider my qualifications and experience:

- Capable of working within a changing environment and utilizing the most current tools
- Knowledge and experience using software such as Excel, SharePoint, and Visio
- Able to build partnerships with senior leaders and Project stakeholders
- Security education which provides familiarity with all aspects of DoD and DON Cybersecurity
- Enterprise Mission Assurance Support Services (eMASS) training
- Assured Compliance Assessment Solutions (ACAS) training
- Host Based Security System (HBSS) training
- IT audit and risk experience preferred

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Armani Sawayn
