

# Data Strategy Analyst Cover Letter

75170 Carroll PortsMillsborough, PA 80273-2204

**Dear Emerson Stiedemann,**

I am excited to be applying for the position of data strategy analyst. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for leadership in the decommissioning of RA's legacy SAP Business Warehouse and Business Objects systems.

Please consider my experience and qualifications for this position:

- MicroStrategy or other business intelligence experience preferred
- Other object oriented software development, computer programming, coding experience beneficial
- Exposure to other databases and database programs beneficial
- BA/BS/Masters in Economics, Business, Engineering, Statistics, Finance or other quantitative focus
- Familiarity with the concepts of data warehousing (including star schemas)
- Experience in advanced analytics/data science concepts and processes
- Prior experience with front-end reporting & analysis tools like Qlikview, Tableau
- Quick and resourceful learner who adapts well to a fast-moving environment and gets things done

**Thank you for considering me to become a member of your team.**

Sincerely,

Zion Hane
