

Data Strategy Analyst Cover Letter

92136 Carroll Knolls South Alta, UT 43516-9353

Dear Corey Bahringer,

I submit this application to express my sincere interest in the data strategy analyst position.

In the previous role, I was responsible for data quality and data review services to support UHC's integrated healthcare data warehouse, reports, and analytic solutions.

My experience is an excellent fit for the list of requirements in this job:

- Combination of creativity, problem-solving skills, and a can-do attitude to overcome obstacles
- Extremely adept at integrating disparate information, analyzing and interpreting data trends
- Strong knowledge of data warehouse concepts and reporting/analytical environments and systems
- Advanced SQL and data modeling
- Practical knowledge of statistics
- Creativity in problem-solving and developing actionable recommendations
- Serve as the mobile industry subject matter expert to other EA teams
- Create weekly, monthly, and quarterly reports to update the management team on product performance and market trends

Thank you for your time and consideration.

Sincerely,

Avery Rice
