

# Data Team Lead Cover Letter

922 Cummerata MewsFeeneyton, WY 06426

**Dear Dakota Turcotte,**

I am excited to be applying for the position of data team lead. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for rCI letters and support data to regulatory agencies, domestic and international, and obtain regulatory approval for RCI products, processes, practices and procedures.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Strong project management and business analysis track record
- Proficient in business intelligence and data management concepts
- MS BI proficiency including SSIS, SSRS and SSAS is a prerequisite
- Experience leading cross-functional teams of Data Analysts (7+)
- Experience with Presto, Hive, Hadoop or other Big Data frameworks
- Experience with Machine Learning or Statistical Modelling (R, SciPy, Weka)
- An awesome sense of humour
- Experience directly supporting requests from Executive level leadership and or clients

**Thank you for your time and consideration.**

Sincerely,

Emerson Bayer
