

Data Team Lead Cover Letter

90838 McClure IslandsNorth Tijuana, MS 78039

Dear Lennon Ankunding,

I submit this application to express my sincere interest in the data team lead position.

In the previous role, I was responsible for input and reviews, and subsequently follows applicable SOPs, WIs, and relevant regulatory guidelines.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledge of data modelling techniques such as data vault, dimensional modelling
- Knowledge of Java/Python programming language is nice to have
- Design, develop and support data processing and ETL modules using SAP HANA ERP technology
- Proficient in using HANA design studio
- Based on the documented functional and data processing requirements
- Completely self-managed, able to solve problems and develop solutions
- Comfortable taking responsibility for end-to-end delivery
- Strong, collaborative and balanced personality

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Frankie Adams
