

Developer Junior Cover Letter

863 Turcotte Vista Johnsonchester, MA 39282

Dear Shiloh Rohan,

I would like to submit my application for the developer junior opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for strategic consultation to development, architecture, and implementation of key business applications (to include billing and provisioning systems, web applications, and internal/external software).

Please consider my experience and qualifications for this position:

- Knowledge of Messaging, Python, Perl
- Knowledge of Big Data & AWS
- Understanding of programming concepts and the system development lifecycle
- Dev-Ops development of Green Field project platform
- Work with highly innovative, dynamic team
- Knowledge of C#, .NET, PowerShell, WCF or Web API, Entity Framework ideally on .Net Core
- Knowledge of T-SQL, Database Programming with SQL Server database
- Experience on Web development with - ideally Angular 2/4

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Oakley Lemke
