

Developer Junior Cover Letter

318 Romaguera ExpresswayGorzanybury, HI 83758-6590

Dear Briar Torphy,

In response to your job posting for developer junior, I am including this letter and my resume for your review.

In the previous role, I was responsible for intermediate level system analysis, design, development, and implementation of batch application for WEB based system.

My experience is an excellent fit for the list of requirements in this job:

- Cross Browser integration, including mobile platforms – Intermediate
- GIT source code management – intermediate
- MySQL/Oracle/SQL, other database – Intermediate
- Experience building client/server Web based applications
- Experience with .NET an advantage
- An IT related further education qualification
- Basic knowledge of front-end technologies (HTML, CSS, JavaScript)
- Knowledge of Magento platform would be an advantage

Thank you for considering me to become a member of your team.

Sincerely,

Hayden O'Kon
