

Developer / Programmer Analyst Cover Letter

3847 Cronin PortNew Jenettemouth, DE 77298-0614

Dear Dakota Price,

Please consider me for the developer / programmer analyst opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for data modeling and database design solutions for both existing and new software components and systems.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Thorough understanding of the mobile first responsive approach
- Solid experience/understanding of dealing with cross-browser issues
- Good understanding of version control (Git/SVN)
- Experience with design software (Photoshop, Illustrator, Sketch)
- Good understanding of UI/UX best practices
- Strong analysis and organization skills
- Personal effectiveness and able to work in a pressurized environment
- Passion for brand and customers

Thank you for considering me to become a member of your team.

Sincerely,

Baylor Mertz
