

# Developer Relations Cover Letter

7409 Jacobs Station  
Andreachester, OR 05821

**Dear Hayden Kautzer,**

I am excited to be applying for the position of developer relations. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for needed capabilities to the government, building on state-of-the-art research in data analytics, information architectures, machine learning, artificial intelligence, software architectures, and human-machine interaction.

My experience is an excellent fit for the list of requirements in this job:

- Fantastic written & oral communication skills
- C/C++ programming - we are helping the ecosystem create the best experiences
- Advanced graphics programming knowledge, including knowledge of the pipelines, APIs such as DirectX11, DirectX12, OpenGL and Vulkan
- Some experience with Virtual Reality, Augmented Reality or Computer Vision
- Worked for or at an interactive entertainment studio in the past
- Passionate about video games and/or interactive entertainment experience
- Writing optimized C/C++
- DirectX 12 or Vulkan

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Stevie Kautzer
