Dear Tyler Feil,

Please consider me for the developer relations opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for successful e-learning, VR-learning, On The Job trainings and Instructional Lead Trainings (ILT) for the EXE 5000 machine.

Please consider my experience and qualifications for this position:

- Create responsive websites from inspiration to completion for a variety of platforms and products
- Utilize content management systems (CMS) and create website templates
- Maintain website compliance to federal accessibility standards
- Design and write code for complex, enterprise web applications
- Assist in troubleshooting problems with pages in various browsers and be able to fix problems as they arise utilizing a command line interface (CLI)
- Assess website performance by testing and improving code, including troubleshooting for various web browsers
- Explore new technologies and designs on other sites and provide options and comparisons
- Superior oral and written communication skills specifically of technical subjects to developers internal audiences

Thank you for considering me to become a member of your team.

Sincerely,

Casey Torphy
