

Developer Relations Cover Letter

498 Darryl PlainsRuebenville, MA 82199

Dear Zion Wilkinson,

I am excited to be applying for the position of developer relations. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for technical leadership on a wide variety of solutions based on AI, Machine Learning, Blockchain, Conversational Commerce, and AR/VR.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledge and experience in applicable software and computer applications
- Sound judgement, maturity, and discretion
- Knowledge of current mobile game monetizing models, game-play mechanisms and concepts and other related trends
- Mobile hardware or software relationship management experience highly desirable
- Experience working in technical/engineering environments
- Familiarity and sensitivity related to Japanese business culture helpful
- Broad network of video game industry contacts for both publishers and developers
- Knowledge of application / product feature design

Thank you for taking your time to review my application.

Sincerely,

Emerson Bode
