

Developer Relations Cover Letter

203 Herman Ranch North Anita, NE 29213

Dear Baylor Ledner,

I would like to submit my application for the developer relations opening. Please accept this letter and the attached resume.

Previously, I was responsible for support on development, integration, and testing within online learning platforms.

Please consider my qualifications and experience:

- Work alongside the developer programs team to deliver developer events, content, and community engagement
- Engage with our product teams to provide feedback and feature enhancements for our Software Development Kits
- Act as a technical expert and thought leader within the developer community
- Collaborate with key developers to identify solutions to common development problems, then produce content, samples, and proof of concept apps to ensure others will benefit in the future
- Strong technical experience or technical interest
- Solid understanding in core Java, J2EE, databases and web technologies
- Experience in cryptography and web application security
- Adept in C/C++ programming

Thank you for your time and consideration.

Sincerely,

Tatum Rogahn
