

Development Internship Cover Letter

7148 Tremblay HavenNorth Rachelle, SC 24666

Dear Dakota Breitenberg,

In response to your job posting for development internship, I am including this letter and my resume for your review.

Previously, I was responsible for training on coding standards and best practices to team members; and Produce quality, tested, and documented code.

Please consider my experience and qualifications for this position:

- Proactieve, hands-on mentaliteit
- Minimaal 32 uur beschikbaar voor een periode van 5 of 6 maanden
- Declared majors in areas of Marketing/Mass Communications, Merchandising/Design, Retail/Retail Management, Business Administration, or Media Arts preferred
- Computer Science/Software Engineering field of study
- Currently enrolled in a graduate-level program at an accredited college or university
- Knowledge on J2SE1.6 and J2EE1.5 platforms preferred
- Working knowledge in Source Version Control Tools and Processes
- Experience working in or knowledge of Eclipse IDE

Thank you for your time and consideration.

Sincerely,

Lennon Becker
