

# Development Support Cover Letter

75127 Dee MountainOrnmouth, GA 41735

**Dear Cameron Rodriguez,**

In response to your job posting for development support, I am including this letter and my resume for your review.

In the previous role, I was responsible for sAP SuccessFactors applications support within the Information Technology Division specifically for the modules of Employee Central, Compensation, Performance Goals and Forms, Calibration Planning, Development Goals, Succession, Qualtrics (Surveys), Workforce Planning, Workforce Analytics, Recruiting and Onboarding, and Learning Management System.

Please consider my qualifications and experience:

- Good working knowledge of Microsoft Word, Excel, Powerpoint, and Access
- Understand process equipment operations and qualification requirements
- Experience in communications area and signal processing
- An understanding of communications systems is important for this role
- Working knowledge of FPGA is preferred
- Experience developing communications algorithms in floating and fixed point is preferred
- Current enrolled in Engineering, Packaging Science or Computer Science curriculum
- Strong Excel background preferred

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Parker Rice
