

# Digital Artist Cover Letter

9412 Hermann MountLake Scotland, CO 31693

**Dear Royal Block,**

I am excited to be applying for the position of digital artist. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for examples of creative demonstrating a mastery of typography, art direction and color usage.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Basic knowledge of Cinema 4D and Element
- Composite live action footage, rotoscope and create set extensions
- Create graphic based product builds (Islands)
- Source specific layers from Flash files for use in other applications
- Proficiency with workflow management applications including Microsoft Office, Farmers Wife, Google Docs, Asset Management and distribution systems
- Be comfortable with visual pattern matching, trouble shooting, optimization, and contributing in a meaningful way with highly visible deliverables that can ship with daily builds
- Experience in creative development, or related agency background
- Possess expert understanding of design and experience building files for both print and digital

**Thank you for considering me to become a member of your team.**

Sincerely,

Lennon Feil
