

# Digital Artist Cover Letter

8769 Hattie PortsPort Jackiefurt, DE 51812-7572

**Dear Emerson Howe,**

I submit this application to express my sincere interest in the digital artist position.

Previously, I was responsible for both written and verbal art direction to in-house artists and external vendors to maintain and improve art quality bar.

Please consider my qualifications and experience:

- Hands-on experience creating games with significant UI/input complexity
- Experience expanding IPs into new digital realizations
- Experience working on live service games
- Intermediate to advanced advanced skills in CMS systems using Javascript, HTML5 and CSS3
- Conceptual understanding of user experience research methods and the benefit of conducting user research early and often
- Strong problem-solving skills, self-motivated, flexible, detail-oriented
- Proficient in masking, working with layers, skin retouching, working with textures, clipping paths, RGB and CMYK workflows
- Experience with 2D sketching software (Autodesk Sketchbook Designer or equivalent)

**Thank you for your time and consideration.**

Sincerely,

Stevie Schulist
