

Digital Artist Cover Letter

1286 Bobby Ferry New Terrilyn, CA 61559-3207

Dear Royal Veum,

In response to your job posting for digital artist, I am including this letter and my resume for your review.

Previously, I was responsible for support to digital artists in the creation of best in class design solutions for our digital sales needs.

Please consider my experience and qualifications for this position:

- Understanding of hardware and peripherals to support VR/AR/MR experiences
- Experience with Silhouette and Nuke
- Computer proficiency including UNIX operating system
- Apparel and high-volume production experience is preferred
- Expert knowledge of procedures and workflow for graphic design, writing, editing, proofing, and advanced print- and digital- production
- Strong knowledge in best practices, workflow, production, template development, and file preparation for a variety of end-usages, both online and offline
- Maintain high standards of quality while also implementing tools and processes to promote efficiency and fastest turn-around
- Set up templates for projects and work closely with Creative team to design and produce banners, emails, and web pages, direct mail pieces, catalogs, signage, and marketing materials

Thank you for your time and consideration.

Sincerely,

Brooklyn Yundt
