

Digital Banking Cover Letter

599 Hui Center Wilkinsonport, NM 43560-2909

Dear Spencer Thompson,

I submit this application to express my sincere interest in the digital banking position.

Previously, I was responsible for business Partners and Technology & Operations Senior Executives with an effective primary point of contact in the development of Digital portfolio aligned to strategic direction.

Please consider my experience and qualifications for this position:

- Proficiency with HRIS and other systems
- Experience with (9-box), talent plans, succession planning and coaching and mentoring the leadership teams
- Have strong leadership attributes, able to think holistically, and drive change
- Have great analysis and problem-solving skills
- Possess high professional standards regarding customer service, ethics, confidentiality and quality of work product
- Developing innovative and creative online and offline B2B, marketing campaigns, that make use of all available marketing channels and adopt industry specific messaging
- Working with various stakeholders across the business to generate inbound leads for the Sales team, by driving demand and audience engagement through multi-channel activities, with a focus on crafting and executing programs, then tracking and reporting on their results & embedding learning's
- Strong computer skills with knowledge of email functions and Microsoft Office

Thank you for your time and consideration.

Sincerely,
