

Digital Data Analyst Cover Letter

6941 Brice CirclesSouth Jack, AL 35244

Dear Max Howell,

In response to your job posting for digital data analyst, I am including this letter and my resume for your review.

In the previous role, I was responsible for data engineering and management support and advice across all Digital, Data & Analytics teams and projects.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience in Modern data architecture
- Experience in Data management, BI and Analytics is an added advantage
- Experience with digital data services and business models
- Intermediate SQL query writing and experience implementing and working with analytics data warehouses
- Provide ad-hoc analysis asked by the Collections Manager and Credit & Risk Manager
- Proactive, solutions-orientation with a passion for solving unique, complex problems that have a broad, inter-connected impact on the business
- Experience with the Adobe software suite is preferred
- Experience participating on functional teams

Thank you for taking your time to review my application.

Sincerely,

Dallas Goodwin
