

DIR Strategy Cover Letter

385 Dominga WalksNew Caren, MN 51947

Dear Oakley Tillman,

I submit this application to express my sincere interest in the DIR strategy position.

Previously, I was responsible for critical input to the development of software strategy and research and development of new and emerging products and technologies.

Please consider my experience and qualifications for this position:

- Drive continuous process improvement by leading process that span across Accounting, FP&A, Tax, Financial Systems (in collaboration with IT)
- Work directly with the Company's internal auditors to ensure that our financial systems and processes support compliance with all reporting and internal control requirements
- Partner with all global subsidiaries to develop and execute on a financial systems roadmap
- Modify as needed the Company's budgeting and forecasting process to ensure that global focus is on the appropriate metrics and risk areas commensurate with the growth and strategy of the business
- Participate on financial integration team to develop and ensure integration efforts from systems and process perspective are aligned with the long-term financial strategy
- Experience with a wide variety of financial systems and ERPs
- Demonstrate decision-making based on facts, asking the right questions and weighing the pros & cons
- Demonstrated knowledge of open-source software and applications

Thank you in advance for reviewing my candidacy for this position.

Sincerely,
