

Director, Testing Cover Letter

2317 Hope Street Turcotte town, NJ 54256

Dear Lennox Greenholt,

In response to your job posting for director, testing, I am including this letter and my resume for your review.

In my previous role, I was responsible for assistance in development and preparation of documents in support of applications and ensure compliance with federal, state, and sponsor requirements.

My experience is an excellent fit for the list of requirements in this job:

- Experience with CAP and CLIA guidance documents and regulations for testing desirable
- Deep knowledge of both human and mouse biology in health and disease is desirable
- Extensive expertise in tumor immunology is highly desirable
- Effective leadership that can lead by example
- Lead, plan, organize and perform testing and integration to prepare production ready autonomous inspection systems
- Understand and ensure systems meet customer requirements and deliver readily deployable systems to service delivery team
- Solid knowledge of tools such as ACL or IDEA, visual analytics packages like Spotfire or Tableau
- Is capable of reviewing ACL, SQL and SAS code and operational knowledge of other programming and scripting languages like C++, Perl, visual basic

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Ari Jaskolski
