

Driver, Truck Cover Letter

866 Bailey TrailPort Maisha, AK 00882-7329

Dear Sutton Breitenberg,

In response to your job posting for driver, truck, I am including this letter and my resume for your review.

Previously, I was responsible for real-time update to the inventory warehouse management system (WMS) with the use of the radio frequency bar coding system and desktop computers.

Please consider my experience and qualifications for this position:

- Working in moderate cold to extreme heat
- Stepping up/down material handling equipment (forklift truck)
- Thorough knowledge of the safe operation of a range of vehicles and material handling equipment within the scope of the commercial Class A driver's license, with endorsements
- Thorough knowledge of loading cargo vehicles to ensure that material is loaded in accordance with weight distribution guidelines and limitations
- Thorough knowledge of DOT regulations on transportation of hazardous materials
- Thorough knowledge of loading dock and tractor-trailer safety procedures and requirements
- Understanding of Canadian customs regulations
- Knowledge of local geography preferred

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Gray Schneider
