

# Education Professor Cover Letter

37774 Nan HeightsBerylfort, NC 39852

**Dear Rory Kirlin,**

Please consider me for the education professor opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for support for Nurse Educators with a technology focus 2.1 Collaborates with Education Specialists to support the Nursing Competency Center processes including but not limited to education, building, electronic management, and reporting.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Coordinate and supervise the teacher education internship in a partner school district for a cohort of interns
- Foster collaborative teacher education partnerships with pre K-12 partner school districts
- Participate in service to the department, School of Education and Human Development, and University including admissions, recruitment, curriculum/assessment development, and committee assignments
- Significant experience teaching in P-12 public schools
- A strong record of using technology in P-12 schools
- Background and experience necessary to teach graduate level courses in human development, classroom management, literacy foundations, and diverse populations
- Have a strong interest in working closely with K-8 schools and teachers to improve science education in service to the land grant mission of the University
- Have a commitment to the integration of research, teaching and service

**I really appreciate you taking the time to review my application for the position of education professor.**
