

EEG Technician Cover Letter

90590 Jenkins SpringsManuelburgh, IN 72730-0551

Dear Cameron Batz,

I am excited to be applying for the position of EEG technician. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for daily supervision of the EEG team and technical support staff, coordinates patient and team schedules, delegate assignments, supervises and trains staff, and performs complex electro-Neurodiagnostic procedures to ensure quality of patient care.

Please consider my experience and qualifications for this position:

- Graduate of accredited Electroneurodiagnostic Program
- Current Registered Electroencephalographic Technologist (R.E.E.G.T.R) by the American Board of Registration of Electroencephalographic Evoked Potential Technologists
- Graduate from a Neurodiagnostic Technology (NDT) program OR currently enrolled in an accredited Neurodiagnostic Technology (NDT) program
- Minimum 800 documented clinical hours completed through an accredited program
- Board eligible, has passed part 1 written exam and is eligible for part 2 to complete registry OR will become board eligible by passing part 1 written exam within 6 months of hire (or first available exam date if after 6 months)
- Registered (registry eligible and attempt within 6 months of hire, or first available exam date if after 6 months)
- Registered EEG technologist board certification or board-eligibility
- Knowledge and skill in the principles and theory in performing/monitoring the full range of clinical neurophysiological testing, particularly EEG and IOM recording techniques

Thank you in advance for reviewing my candidacy for this position.

Sincerely,
