

EEG Technician Cover Letter

9841 Tora WellsMartinview, MT 27111

Dear Sawyer Maggio,

In response to your job posting for EEG technician, I am including this letter and my resume for your review.

In the previous role, I was responsible for and facilitates patient/family education by reviewing medical records and interviewing patients to obtain pertinent history and will explain testing procedures.

Please consider my qualifications and experience:

- Electrodes (per 10/20 International System), recognizing and eliminating artifact
- Continue to observe and is knowledgeable in correct EEG performance of clinical significant events and intervenes if appropriate
- Knowledge of infection control, current HIPPA practices
- Continues to learn and apply basic and intermediate EEG waveform recognition, relevant medical terminology, anatomy, physiology
- Contraindications for activating procedures
- Patient assessment as related to care, such as electrode fixation, products, allergies, movement restrictions and cognitive function
- Has knowledge of alternate montages, protocols, and alternate equipment settings and the effects that should be applied
- Assists in arranging patient transport

I really appreciate you taking the time to review my application for the position of EEG technician.

Sincerely,

Shiloh Effertz
