

EEG Technician Cover Letter

707 Mayert InletMerlinbury, IN 48863-0160

Dear Zion Kunde,

I am excited to be applying for the position of EEG technician. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for quality support following standard operating procedures and directly help to craft those procedures.

Please consider my qualifications and experience:

- Knowledge and understanding of recognized reference standards, medicolegal requirements, regulatory requirements sufficient to perform clinical neurophysiological testing
- Knowledge and skill in the principles and theory of EEG and evoked potentials in neurological and neurosurgical patients
- Knowledge of the fundamentals of neurological disorders, particularly of epilepsy
- Knowledge and skill administering proper care for pediatric and disabled adult patients
- Excellent decision making, analytical, organizational and time management skills
- Meets the requirements for registry by the NT
- Certification from ABRET within (R.EEG.T) preferred
- Graduate from an accredited training course in clinical EEG technique

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Alexis Mertz
