

# Electrician Cover Letter

152 Schmeler Parks Kellytown, TN 28777-4014

**Dear Onyx Ferry,**

Please consider me for the electrician opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for electrical expertise in the maintenance of all gas processing facilities and field locations.

Please consider my experience and qualifications for this position:

- Train, mentor and develop
- Journeyman Electrician with current license in state of Texas
- Knowledge or awareness of arc flash and comfortable with NFPA 70E standards
- A valid Journeyman card
- Current Class 'A' Journeyman license
- Any combination of education and experience which would be likely to result in the needed skills and abilities
- Dismantles/Troubleshoots electrical machinery and replaces defective electrical or mechanical parts
- Installs and maintains various types of motors, motor control systems, motored operated valves, lighting fixtures, generators, circuit breakers and transformers

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Sutton Bernhard
