

Engineer, Research Cover Letter

81637 Adams CapeOrnmouth, GA 10602-2731

Dear Sam Kessler,

I would like to submit my application for the engineer, research opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for expertise and best practice advice for data processing and engineering within the team.

My experience is an excellent fit for the list of requirements in this job:

- General understanding of compressor entropy and acoustic generation
- Knowledge of experimental methodologies
- Working knowledge of LabView, Matlab, and Python (or alternative coding languages)
- Working knowledge of turbomachinery aero-acoustics (LES/LB methods) would be an advantage
- City of Seattle 3rd grade boiler fireman license
- Bachelor in Computer Science or Electrical Engineering
- Boost, OpenCV experience
- Experience in audio signal processing research and development

Thank you for taking your time to review my application.

Sincerely,

Emerson Heaney
