

Engineer Supervisor Cover Letter

9612 Maren SpurLorenfurt, KY 11377

Dear Jordan Deckow,

I am excited to be applying for the position of engineer supervisor. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for sME input on communications including shipboard military and commercial radio frequency and network systems as well as embark systems.

Please consider my experience and qualifications for this position:

- Familiar with electromechanical relays and contactors
- Ensures quality products are being manufacturedSustained financial health and profitable growth
- Strong experience in calibration
- Experience using poke yoke thought processes and root cause counter measures
- Experience in root cause analysis & implementation of appropriate corrective actions
- Formal Lean Training / Waste Reduction preferred
- Experience with SAP or similar enterprise resource planning software
- Capable to solve problem independently with acceptable standard

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Tatum Parisian
