

Engineer Supervisor Cover Letter

40789 Frances BurgErminiachester, AR 24910-6692

Dear Zion Kozey,

I submit this application to express my sincere interest in the engineer supervisor position.

Previously, I was responsible for technical advice on specialist areas of radio communications systems (P25, Tetra, Microwave and LTE).

My experience is an excellent fit for the list of requirements in this job:

- People who has Railway Bureau working experience will be at a premium
- Full understanding of TPM strategies and concepts
- Working knowledge of SAP (preferred), CMMS or similar ERP
- Highly skilled in applying engineering principles, practices, theories and technologies related to manufacturing and administration facility
- Able to read facility diagrams and blue prints
- Demonstrated effectiveness as a collaborative team leader
- Experienced with lean manufacturing and change management applications (preferred)
- Exhibits a high standard of professional integrity

Thank you for your time and consideration.

Sincerely,

Onyx O'Keefe
