

Engineer, Technical Support Cover Letter

28596 Shaquana MeadowEast Gregoryton, MD 86694

Dear River Rau,

In response to your job posting for engineer, technical support, I am including this letter and my resume for your review.

Previously, I was responsible for database expertise to engineering teams (reviews of database migrations & queries and query & performance optimizations).

My experience is an excellent fit for the list of requirements in this job:

- Outstanding phone manner
- Able to deliver solutions to both technical and non-technical end users
- Capacity to learn quickly and adapt to changing priorities in a challenging environment
- Wireless networking background
- General knowledge of Ethernet
- General knowledge of LAN networks
- User knowledge of Windows and/or UNIX operating systems
- Fluent FRENCH is compulsory for this role

I really appreciate you taking the time to review my application for the position of engineer, technical support.

Sincerely,

River Rolfson
