Engineer, Technical Support Cover Letter

764 Nova LightsEast Yonghaven, NH 34101-2348

Dear Robin Mueller,

I am excited to be applying for the position of engineer, technical support. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for technical knowledge in the area of industrial automation utilizing: PLC's SCADA SQL Database.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- CCNP / VCP / VCAP / RHCE / MCSE / VCIX will be an added advantage
- Advanced User level knowledge of the Oracle RDBMS including experience in creating and accessing Oracle databases
- Advanced User level knowledge of Windows and UNIX/Linux
- Previous Experience as a Support Professional
- Experience with Databases, Data Integration Enterprise Software, Data Warehousing products
- Application Programing Experience
- Systems Programmer or Systems Admin Experience
- Experience on iSeries (AS/400) based systems

Thank you for taking your time to review my application.

Sincerely,

Justice Howell
