

Engineer, Technical Support Cover Letter

78692 Mante RueWymanmouth, ND 12107-1717

Dear Parker Conroy,

Please consider me for the engineer, technical support opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for guidance to developers on database techniques and SQL.

Please consider my qualifications and experience:

- Or its equivalent
- Fluent in Japanese and business level English (written and spoken)
- Knowledge of how the Internet works (HTTP, SSL, and DNS)
- Strong team player who enjoys working in a fast paced team atmosphere
- Working knowledge of L2, L3 devices
- Aptitude to quickly grasp current software functionality and third party products in order to extend that functionality to meet new and evolving requirements
- General competence on mechanical design and design tools
- A productive and result-oriented approach to working

Thank you for your time and consideration.

Sincerely,

Quinn Jacobson
