

Engineering Professor Cover Letter

27886 Herzog Oval South Oscar, IL 61266-2032

Dear Tatum Witting,

I submit this application to express my sincere interest in the engineering professor position.

In the previous role, I was responsible for leadership in the development and evaluation of assessment testing and placement in your program if required.

Please consider my qualifications and experience:

- Specialization in solid mechanics or mechanical design
- Registration as a professional engineer or other professional licensure
- A record of increasing administrative responsibility
- A record of positive interaction with business, alumni and other relevant constituents
- Statement of vision and goals for leadership of the department
- Contact information of three professional references including a description of the relationship of each reference to the applicant
- Potential for teaching excellence particularly employing active learning pedagogy's
- Demonstrated record of research and scholarship in CFD/Fluid-Structural Interactions and Controls/Thermal Systems that can complement the ME departmental research strengths

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Bellamy Brekke
