

Engineering Professor Cover Letter

1842 Ardath ShoreKesslerfurt, WI 40319-7903

Dear Peyton Hodkiewicz,

I am excited to be applying for the position of engineering professor. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for constructive feedback to the Instructional Design team on improvements to the course materials and curriculum based on student experience with the materials.

Please consider my experience and qualifications for this position:

- Advanced computer skills, particularly MATLAB
- Teaching experience and relevant professional licensing or certification are desirable, along with relevant industry or government experience
- Experience in writing proposals is also desirable
- Strong written oral and written communication
- Strong commitment to teaching excellence and student success
- Motivation to conduct applied research and develop partnerships with industry and government
- Expertise in automated cartography, GIS-based visualization, and land surveying/registration and monitoring information systems and policies
- An earned doctorate in civil engineering or a closely related discipline

Thank you for your time and consideration.

Sincerely,

Baylor Kuhlman
