**Dear Zion Jast,**

I submit this application to express my sincere interest in the engineering trainee position.

In my previous role, I was responsible for advice to station engineering staff to allow them to better understand, sustain and improve performance of equipment/systems/processes;.

Please consider my qualifications and experience:

- Hands on laboratory working or testing experience is an asset
- Excellent written and verbal communication skills - – will always be working in a team environment with developers, Technical Managers, Product Mangers
- Knowledge of financial products and mathematical finance
- Internship for current students in good standing at an accredited education
- In accordance with CHRA Hiring Freeze Instructions (#17-08), para 4, Section D Conversion to a career or career conditional appointment is not guaranteed under the current hiring freeze
- Knowledge of vibration analysis is preferred
- Assists/prepares specifications, for purchasing requisitions for material, services and equipment
- Demonstrate leadership skills in areas or roles outside of normal job responsibilities

**Thank you for taking your time to review my application.**

Sincerely,

Zion Stark
