

Field Services Manager Cover Letter

63036 Jeff Tunnel East Jennishire, OK 97493

Dear Gray Abshire,

Please consider me for the field services manager opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for cross functional scientific and engineering leadership to meet business objectives including direct collaboration with Waters Instrument Development and Engineering groups (mechanical, chemical and electrical).

Please consider my experience and qualifications for this position:

- Infrastructure project management experience
- Experience in PBX, voice mail, and automatic call distribution usage
- Knowledge of LAN/WAN architecture, desktops, applications, operating systems, Internet services, ISP business, network and computer security topics and current networking trends
- Working knowledge of Gantt and Pert charts
- Excel at cross-functional collaboration, creative thinking, problem solving and have a bias for action
- Analytical, with a natural curiosity to measure, test, learn and iterate in order to get the best results possible
- Relevant technical knowledge of low and medium voltage infrastructure
- Proven strategic account management business experience selling solutions to the Healthcare segment

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Landry Rogahn
