

Field Superintendent Cover Letter

29849 Keisha SpursPort Karymouth, ID 39929-0824

Dear Campbell Gulgowski,

Please consider me for the field superintendent opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for direct on-site support to customers and field personnel in resolving engineering problems related to Extreme Networks products and technologies.

My experience is an excellent fit for the list of requirements in this job:

- Provide leadership to and management of a team of Environmental Specialists
- Develop strategy and set the direction for upstream and broader QGC environment function
- Drive, develop, implement, imbed, assure and improve QGC's ISO14001 certified Environmental Management System
- Identify risk and communicates to relevant management throughout the business
- Undertake strategic business planning of field environment resources to ensure efficient delivery of services, through identification of priority issues
- Optimise implementation of environmental improvement programs to meet business objectives, balancing regulatory requirements, corporate policy direction, immediate business objectives and budget constraints
- Brief senior management and direct and functional reports on key business issues, environment and relevant land priorities, risk mitigation and improvement programs
- Provide high level environmental incident analysis

Thank you for taking your time to review my application.

Sincerely,
