

Field Superintendent Cover Letter

7299 Stanton Park Breitenberg Chester, PA 32041

Dear Onyx Little,

Please consider me for the field superintendent opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for field leadership and management of production operations and readiness to meet specific Mining District project needs.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Requires a working knowledge of elevators and escalators to manage and direct field personnel to meet Region goals
- May require work on nights, weekends and holidays rotational on-call work of up to one week per month
- The incumbent will perform duties in a combination of outside work and an office environment
- Uses time-proven leadership techniques to help contractors fulfil permit requirements
- Advanced knowledge of various construction disciplines, scheduling, and quality control
- Working knowledge of City computer systems and software necessary
- Familiar with construction practices for well pad facilities on unconventional gas/condensate developments including separation, sand management, compression, dehydration, oil treating and field gathering systems
- Good computer skills in order to file reports, work with i-pads in the field, update databases as needed

Thank you in advance for reviewing my candidacy for this position.

Sincerely,
