

Field Technician Cover Letter

350 Mohammed Center Aufderharside, WI 84211

Dear Greer Abernathy,

I submit this application to express my sincere interest in the field technician position.

In my previous role, I was responsible for 1st line technical support for end-user's computers hardware and software, printers and its network connectivity.

Please consider my qualifications and experience:

- Install masonry materials
- Install insulation in equipment or structures
- Operate heavy-duty construction or installation equipment
- Site acceptance and testing from the vendor
- Site optimization by applying engineering work orders for azimuth and down tilt changes
- Troubleshooting and applying corrective actions on Transmission network
- Restoring service and clearing of major and critical outages
- Clearing of minor, major and critical alarms

Thank you for your time and consideration.

Sincerely,

Armani Bergstrom
