

Fixed Income Analyst Cover Letter

804 Giselle Stream Herminaborough, NV 34365

Dear Jordan Breitenberg,

I submit this application to express my sincere interest in the fixed income analyst position.

Previously, I was responsible for best execution' across multiple Fixed Income instruments for North American and International PM teams.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Advanced excel skills as the environment is spreadsheet heavy
- Strong communication skills as the role will involve frequent contact with various business partners and the trading desk
- Middle Office experience with emphasis on derivatives and fixed income products preferred
- Background in a middle office environment and in depth knowledge of financial instruments, preferably interest rate derivatives , or fixed income securities
- Perform the independent price verification across varied Rates / Fixed Income products and activities
- Clearly communicate IPV results to stakeholders and produce accurate reports highlighting coverage and analysis of IPV result
- Enhance existing procedures and process documentation
- Work within a limited time frame as part of a team and produce accurate month-end corrections

Thank you for taking your time to review my application.

Sincerely,

Indigo Blanda
