

# Fixed Income Analyst Cover Letter

124 Rosa Estates West Edburgh, MD 63349-9364

**Dear Alexis Larkin,**

I submit this application to express my sincere interest in the fixed income analyst position.

In my previous role, I was responsible for deep dive analysis of various fixed income securities where vendor prices differ over 2%.

Please consider my qualifications and experience:

- Maintain good working relationships and communication with other Product Control teams, Front Office, Finance and Risk-GM
- Contribute to initiatives within the V&RC function, both within the region and in other locations
- Adherence to Global V&RC Policies and Procedures and raise issues to management when practices are inconsistent or unable to be followed
- Knowledge of Fixed Income products and their valuation
- Good IT skills mainly VBA, Excel, Word, PowerPoint
- Work cooperatively as part of a team across V&RC both locally and globally
- Proven analytical skills and competent at analysing Fund-related data
- Familiarity with working on excel and knowledge of developing excel macros will be advantageous

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Tatum Dare
