

Fixed Income Trader Cover Letter

9692 Hauck Square New Adanland, IL 37438-6205

Dear Shae Kozey,

In response to your job posting for fixed income trader, I am including this letter and my resume for your review.

Previously, I was responsible for best execution' across a range of emerging market fixed income instruments, both local currency and external debt through cash and derivative products, for all BlackRock's internal businesses.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Relevant MSRB rules and regulations
- Demonstrated passion for investment management
- Very good communication skills, and preferably Mandarin speaking, to be able to successfully work across teams across regions
- Should be able to work independently and take responsibility
- Strong team player and fast learner
- The Monetary Authority of Singapore (MAS) and/or the Singapore Exchange Singapore (SGX) Markets
- Experience with Bloomberg, Advent APX and Moxy, Orion, Salesforce, and/or Investor Tools Perform preferred
- Extensive working knowledge of fixed income mechanics and quantitative/relative value analysis

I really appreciate you taking the time to review my application for the position of fixed income trader.

Sincerely,

Haven Beatty
