Dear Emerson Nolan,

I submit this application to express my sincere interest in the full stack .NET developer position.

In the previous role, I was responsible for and support Front End Tool as a packaged solution and process expertise when connecting IT and business stakeholders and identifying new IT-enabled solutions.

Please consider my experience and qualifications for this position:

- Expert-level competency in C#
- Expert-level experience with emerging technologies such as Windows Azure or mobile platforms
- C#, OOP and Design patterns
- Multithreading, TPL
- JavaScript – in depth (functions, closures, "this")
- Experience with enterprise architecture systems
- ASP.Net (C#) programming language
- Experience working with Relational databases like Oracle, MySQL, Microsoft SQL (ex

Thank you for your time and consideration.

Sincerely,
