

FX Artist Cover Letter

1229 Yost DrivesPort Donte, CT 45531

Dear Tyler Welch,

In response to your job posting for FX artist, I am including this letter and my resume for your review.

In my previous role, I was responsible for management direction to foster effective selection, development and reward of subordinates while contributing to initiatives in support of the Company's Diversity programs.

Please consider my experience and qualifications for this position:

- Willing to learn, and contribute to the success of the team and project
- Self-driven, passionate, creative problem solver with a great team first attitude
- Strong time management skills and motivated to thrive under pressure
- A strong background in computer programming, preferably in C or C++ and UNIX
- An understanding of physical dynamics and natural phenomena is key
- Good understanding of renders such as V-Ray, RenderMan, Arnold
- Experience with rigid body dynamics and particle systems
- Adaptable to change of direction during production and in tight deadlines

Thank you for considering me to become a member of your team.

Sincerely,

Dallas Waelchi
