

FX Artist Cover Letter

26957 Jama Road West Tristanchester, IL 24286

Dear Avery Witting,

I submit this application to express my sincere interest in the FX artist position.

Previously, I was responsible for solutions to creative briefs through existing tools & processes in order to help define key looks for FX on the film.

My experience is an excellent fit for the list of requirements in this job:

- Technical knowledge for problem solving, verbal communication and organizational skills
- Thorough understanding of rendering and shading techniques and procedures
- Past experience of renders such as V-Ray, RenderMan, Arnold
- Some past experience with Mantra
- Strong technical knowledge for problem solving, verbal communication and organizational skills
- Strong understanding of rendering and shading techniques and procedures
- Past experience as Lead Artist in VFX or Animation studio
- Past experience with Mantra

I really appreciate you taking the time to review my application for the position of FX artist.

Sincerely,

Landry Bailey
