

# Game Developer Cover Letter

89410 Barrows BurgsLake Carl, CO 14495-2109

**Dear Quinn Jaskolski,**

I would like to submit my application for the game developer opening. Please accept this letter and the attached resume.

Previously, I was responsible for regular status reporting and plan updates to the Business Leadership Team and other core stakeholders.

My experience is an excellent fit for the list of requirements in this job:

- Familiarity with server communication standards and protocols - HTML5, AJAX, XML & JSON
- Strong understanding of character animation
- Familiarity with Mercurial Source Control Management
- Familiarity with game A.I
- Self-motivated, detail-oriented, with strong organizational skills
- Experience developing 3D game engines or their subsystems, and high frame rate applications
- Experience developing applications in C++ for the Windows platform
- Experience with the PhysX, Recast, GWEN, Granny 3D, OpenGL and Google Protobuf libraries

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Tatum Schuster
